

## DISCOVER THE DIFFERENCE: GLOBAL CONSISTENCY

Success in the global arena demands excellence at home and beyond the boundaries of your local area. To achieve this, you need an insurance provider that delivers seamless, consistent and compliant products and services wherever you operate. FM Global is staffed with local engineers and account management and claims professionals to help you navigate unfamiliar territory.

Through our client service structure, a dedicated client service team assumes responsibility for all aspects of your account, staying focused on your strategic priorities and ensuring you of complete, on-the-ground support at your locations.

**As a multinational client, your FM Global Advantage Policy® provides the global coverage and local support you require, including:**

### **Consistent standards and compliant coverage**

- Broad global master policy
- Matching underlying policies
- Compliant coverage, terms and conditions
- Optimized capacity in all countries

### **Dedicated support network**

- Access to a global support team with a wealth of market knowledge, an understanding of local sensitivities, and communications expertise
- WorldReach® partner network of top-notch local insurance providers

### **Seamless global services**

- Consistent property loss prevention engineering knowledge that drives risk improvement at all your locations
- Efficient premium flow, regardless of your location
- Rapid claims settlement in local currency
